I-PREPARE EUBREAST-11R

Newsletter n.3 - July 2025

Dear **I-PREPARE EUBREAST-11R** Collaborators,

It is a pleasure to send you our July **NEWSLETTER** with the latest information about **the I-PREPARE EUBREAST-11R** study.

CLINICAL TRIAL STATUS

Currently, 27 sites from 12 countries are recruiting patients, with a total of **489 patients enrolled** so far in the study. In the previous months, **3 new centers have been activated** (Istituto Clinico Humanitas in Milan, Ospedale Cottolengo in Turin and Policlinico S. Orsola di Malpighi in Bologna).

From May 2025, **72** new patients have been enrolled in the study: we would like to **thank** all the centers that were committed to screen and enroll patients over this period.

Note: Many more centers are almost active! Indeed, to be fully active, all centers need the written approval from their Ethics Committee/IRB and the authorization from the local hospital. Once you have received these documents, please contact us so we can help you in the next steps.

STUDY AMENDMENT IN PROGRESS

A **new amendment** is in preparation and will be submitted soon. It will address the

extension of enrollment until December 2027

giving all centers the opportunity to complete the administrative procedures and to enroll patients.

You can find out more information about this study on the **EUBREAST website** by clicking on [THIS LINK](#).

CONTACTS

For any clinical questions related to the Protocol:

Prof. Oreste D. Gentilini

Dr. Rosa Di Micco, dimicco.rosa@hsr.it

For any questions related to the CRF and documents about the study:

CRO Aleph: cro@alephsrl.com

If you wish to represent your country and it is not listed,

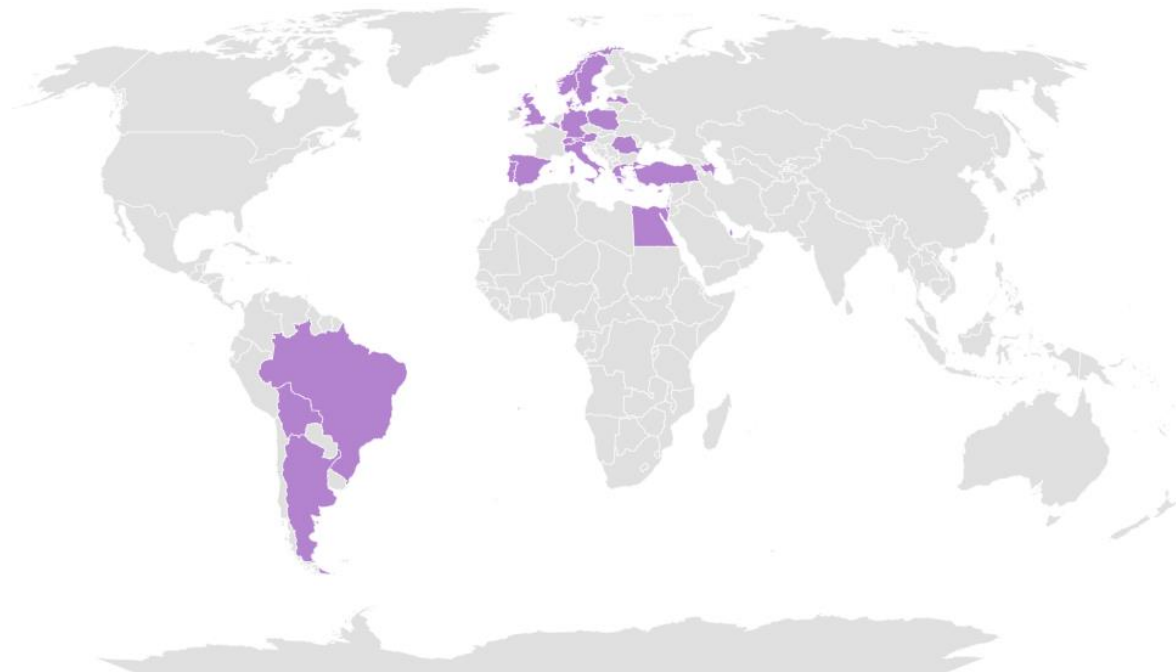

email: Sarah Jennie Goldman, goldman@eubreast.com

RECRUITMENT STATUS

Currently, **489** patients have been enrolled out of a total sample size of **1236**.

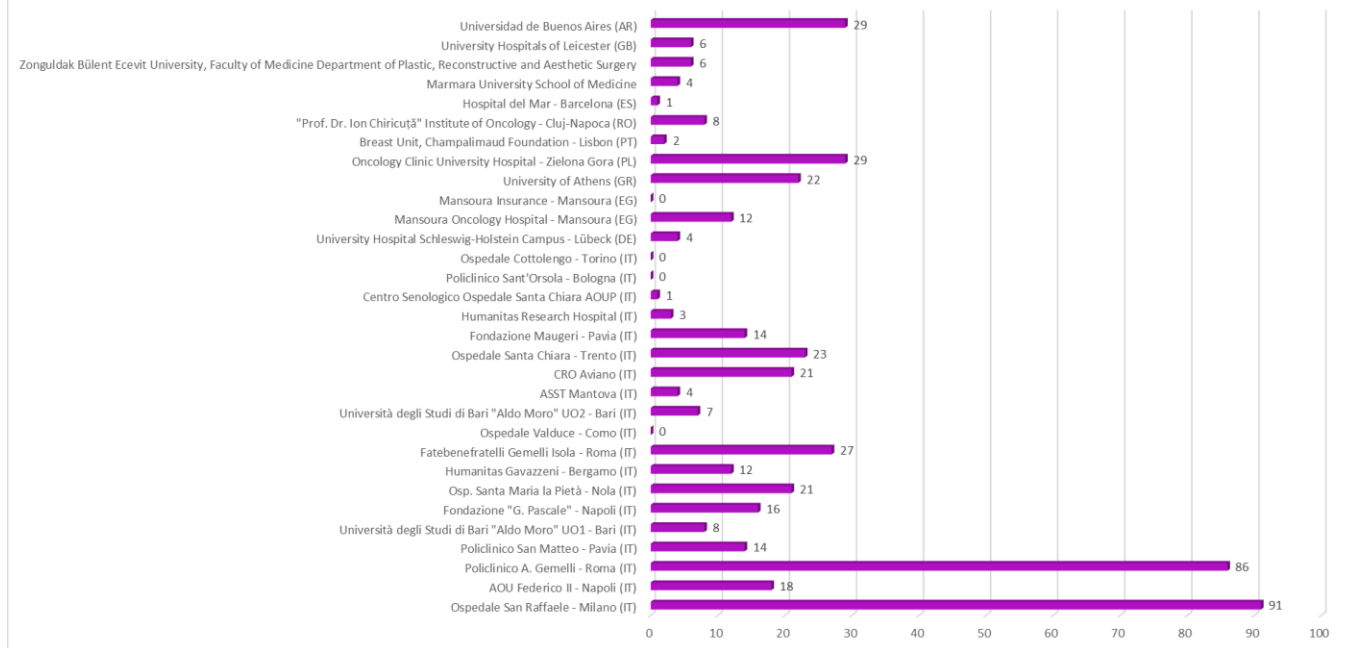

120 centers filled in the feasibility questionnaire to join the study

TOP RECRUITING CENTERS:

1. **IRCCS Ospedale San Raffaele, Milan (Italy)** – 91 patients
2. **Fondazione Policlinico Universitario Agostino Gemelli, Rome (Italy)** – 86 patients
3. **Universidad de Buenos Aires (Argentina)** – 29 patients
4. **General Surgery and Surgical Oncology Clinic (Poland)** – 29 patients
5. **Fatebenefratelli - Gemelli Isola, Rome (Italy)** – 27 patients

ACTIVE RECRUITING CENTERS

We would like to thank all centers who are recruiting as well as those who have expressed interest in participating!
